Adjustable Tree Staking Systems

Staking Materials: Green Sleeves™ Tree Staking System

All steel materials are manufactured in the USA by Green Sleeves
Metallurgical calculations can be obtained upon request

1. Green Sleeves™ Two Stake System Cross Brace (for 24" or 36" Box Tree)
(shown on left) Made of 1/4" x 1" hard roll steel bar.

2. Green Sleeves™ Three Stake System Cross Brace (for 24" or 36" Box Tree)
(shown on left) Made of 1/4" x 1" hard roll steel bar.

3. Green Sleeves™ Four Stake System Cross Brace—Use two braces for each tree (for 24" or 36" or 48" Box Tree) (shown on left) Made of 1/4" x 1" hard roll steel bar.

4. Model 100 Green Sleeves™ 1-Clip Tie Sleeve

(shown on left) The component (hereafter referred to as sleeve) will attach to the stakes. The sleeve tube shall be manufactured of 2 1/4" OD (outside diameter) x .065" w x 2.120" ID (inside diameter) carbon steel. Two stainless steel allen bolts installed at opposite sides of sleeve to measure 1/4"-20 x 1/2".

NOTE: used with 1 1/2" Schedule 40 galvanized pipe, or true 2" OD x 10' wood stake

5. Model 150 Green Sleeves™ 1-Clip Tie Sleeve

(shown on left) The component (hereafter referred to as sleeve) will attach to the stakes. The sleeve tube shall be manufactured of 2 1/2" OD x .065" w x 2.370" ID carbon steel. Two stainless steel allen bolts installed at opposite sides of sleeve to measure 1/4"-20 x 1/2".

NOTE: used with 2 1/4" OD x 10' wood stake

6. Model 200 Green Sleeves™ 1-Clip Tie Sleeve

(shown on left) The component (hereafter referred to as sleeve) will attach to the stakes. The sleeve tube shall be manufactured of 2 5/8" OD x .095" w x 2.435" ID carbon steel. Two stainless steel allen bolts installed at opposite sides of sleeve to measure 1/4"-20 x 1/2".

NOTE: used with 2 1/4" OD x 10' wood stake

7. Model 300 Green Sleeves™ 1-Clip Tie Sleeve

(shown on left) The component (hereafter referred to as sleeve) will attach to the stakes. The sleeve tube shall be manufactured of 3 1/4" OD x .065" w x 3.120" ID carbon steel. Two stainless steel allen bolts installed at opposite sides of sleeve to measure 1/4"-20 x 1/2".

NOTE: used with 3" OD x 10' wood stake

Each of the three Cross Braces can be ordered with the four Sleeve sizes as per below.
ie: For a 24" Box Tree with 3 stakes and a 150 Sleeve, order as: 3 Stake CB Model 150*

Cross Brace (CB) scrolled end piece sleeves:

- Model 100 CB: 2 1/4" OD x .065" w x 2.120" ID
- * Model 150 CB: 2 1/2" OD x .065" w x 2.370" ID
- Model 200 CB: 2 5/8" OD x .095" w x 2.435" ID
- Model 300 CB: 3 1/4" OD x .065" w x 3.120" ID

All Green Sleeves™ components, except stainless steel allen bolts, are powder coated in green or black.

8. Corded Rubber Tree Tie (48" and 54")

Strap made from 100% recycled rubber tires, 1" wide at variable lengths. Fasten to Green Sleeves™ Tie Sleeve at the clip.
